

30/60/90 plan for the product agentic layer

Team		Date	

	30 days	60 days	90 days
Commitment 1			
Owner			
Measurable signal			
First step			
Commitment 2			
Owner			
Measurable signal			
First step			
Commitment 3			
Owner			
Measurable signal			
First step			

Fill Commitment 1 in each column: three commitments in total, one for 30 days, one for 60, one for 90. Rows 2 and 3 are spare — fewer is better. Every commitment has one named owner in the room, one signal you can measure, and a first step small enough to do next week.
